CREDIT KARMA

CREDIT KARMA INC (Inquired on 12/05/2025 and 05/12/2025)

XACTUS AVANTUS (Inquired on 05/13/2025)

1. The names being reported have re-appeared after explicitly having them removed and requesting that only one be on the profile. They even appear on the front of the credit reports.
2. The addresses have re-appeared after requesting identity theft on them.
3. The SSN is wrong on the credit report and was never furnished from me.
4. We do not use credit karma and there are inquiries being reported and appear to have started around the same time as the illegal xactus/avantus sovereign inquiries we also never made.
5. There are inquiries from sovereign in may 2025 and another from pennymac in December 2025 which are unknown to us but coincide with the start of the illegal activity.
6. The pennymac mortgage was opened simultaneously with mis-matching real name, social security number, disclosures, and account information. The welcome letter, note, deed of trust have incorrect loan numbers are not the original. The FHA assignment is missing and there is a different loan number. The note and loan were not in the abstract filed in the county, yet there are two assignments from themselves to themselves (pennymac) with mis-matching real name info and never show one from sovereign which where it originated. The payments say they started in July but does not match the mortgage from Sovereign we signed and originated started and no payments were ever made directly to them.
7. The balance on the capital one credit cards have been increasing and showing no payment being made, yet we keep the balances below the credit limit and have recently experienced bank fraud in which a payment was executed that we did not scheduled and came out of the bank account as a bank to bank transfer that did not say capital one.
8. There is an inquiry from pennymac on 12/5/2025 and was never authorized or originated by us but coincides with the illegal HELOC attempt from Sovereign.
9. The student loans were in deferment, and the balance was decreasing and suddenly increased to match the amount of the incorrect mortgage and have been closed on the other bureaus

10. The student loans were the vehicle used to open another investor mortgage. It is evidenced by the credit report that was denied by sovereign, the quit claim deed filed, and illegal mortgage assignment filed in the county records.

Real name identity theft with mismatching ssan and real name attached to open loan or line of credit on another profile
